IMPORTANT NOTICE FOR FUEL HAULERS

Beginning April 21st, vehicles hauling fuel in the state of Montana must pull into all of the state's inspection facilities. Montana has requested that fuel haulers be pulled in 100% of the time until further notice. Changes have been made to the PrePass system to ensure customers identified as fuel haulers will receive red lights on their transponders when approaching any of the state's eight PrePass-equipped weigh stations. If any of your drivers are hauling fuel and receive a green light when approaching one of these sites, **they must disregard the signal and pull in.** Please share this information with all of your drivers.

Refer a Friend and Earn \$\$\$

We're always looking for opportunities to spread the word about the benefits of PrePass' services, and we know that our customers are our best spokespeople. Now we're offering you an added incentive to spread the word -- **a \$10 account credit** for each new customer you refer to PrePass. Best of all, there is no limit to the amount of credit you can earn!

Tell all the drivers you know who haven't yet signed up for PrePass to call us at 1-800-773-7277 (opt. #3) and give us your name and PrePass account number when they sign up. Or call us with their names, and we'll apply your account credit once they are successfully enrolled. You can also email us your referrals at PrePassMarketing@PrePass.com. Be sure to include the name and phone number of each contact, as well as your own account information, so that we can be sure to give you your reward.

Never Miss a Payment Again

Have you ever been on the road and suddenly realized you forgot to pay your PrePass bill? You can eliminate the risk of having your service temporarily interrupted by signing up for the PrePass credit card program. Call 1-800-773-7277 (opt. 5) and speak with a customer service representative about having your monthly service charges automatically charged to the card of your choice.

Send Us Your Stories

You go places and do things that we likely never will, and we want to hear about how PrePass has been part of your adventures! If PrePass has ever helped save your professional bacon by getting a time sensitive delivery there on-time, tell us about it. If your story catches our attention, you might even see it printed here.

We'd also love to hear any comments or suggestions about how we can make PrePass better for you. Please email your stories and feedback to PrePassMarketing@PrePass.com.

What is RFID?

Short for **R**adio **F**requency **I**dentification, RFID is a dedicated short range communication (DSRC) technology. The term RFID is used to describe various technologies (such as PrePass) that use radio waves to communicate information electronically.

RFID systems can be used just about anywhere that a unique identification system is needed. The tag can carry information as simple as a pet owner's name and address... to as complex as instructions on how to assemble a car.

Save Time, Money... and Lives

PrePass wants to help you reach your destination faster *and* get there safely. Here are some suggestions from the Federal Motor Carrier Safety Administration (FMCSA) about how to stay safe when you're on the road.

TAKE CARE OF YOURSELF – Get plenty of rest before getting behind the wheel. Eat well and stay fit.

MAINTAIN YOUR VEHICLE - Inspect your vehicle before each trip and check your brakes regularly.

BE AWARE OF YOUR "NO-ZONE" - Be vigilant in watching out for vehicles lingering in your blind spots.

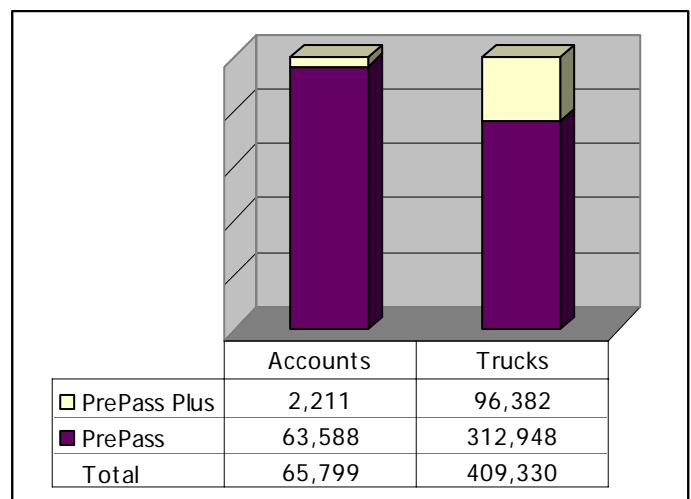

FASTEN YOUR SEAT BELT - Buckle up for safety and control.

DRIVE DEFENSIVELY – Avoid aggressive drivers, leave enough room behind vehicles in front of you, and maintain safe speeds.
