PrePass Update

e-Tolling Now On Entire Indiana Toll Road

Indiana's electronic toll program – i-Zoom – became operational on all of the Indiana Toll Road (ITR) on April 1st. The system initially came online in June 2007 from mileposts 1 to 23 and is now available on all 157 miles.

The ITR extends across Northern Indiana, from the Illinois state line to the Ohio border. It serves as the primary route to downtown Chicago, links the largest cities on the Great Lakes with the Eastern seaboard, and connects with routes that lead to major destinations in the South and on the Gulf Coast.

As part of the E-ZPassSM network, i-Zoom is fully compatible with PrePass^{Plus}, so your drivers can pay tolls the same way in Indiana as they do in all the other E-ZPassSM states:

DELAWARE
ILLINOIS
MAINE
MARYLAND

MASSACHUSETTS
NEW HAMPSHIRE
NEW JERSEY
NEW YORK

PENNSYLVANIA
VIRGINIA
WEST VIRGINIA

OBEDI YOUR TRANSPONDER SIGNALS!

Drivers that bypass weigh stations after getting a red light on their transponders may be ticketed! States are strictly enforcing this law and can request higher pull-in rates for companies whose drivers do not comply.

PrePass^{Plus} Toll Violations

PrePass^{Plus} customers should take these steps if in receipt of a violation notice from an E-ZPassSM agency.

Write the following information directly on the notice:

- Your PrePass^{Plus} account number;
- Your name and telephone number (for follow-up);
- Unit number, license plate, transponder number (0040...) of the violating vehicle; and
- Date the vehicle was added to account (if known)

Fax **both sides** of the form to (866) 226-7157; Attention: PrePass^{Plus} Violations Department

The violation(s) will be researched and appropriate action taken.
